Inder the Reduction Agon 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

STATEMENT UNDER 37 CFR 3.73(b) Applicant/Patent Owner: Chang Nam KIM Application No./Patent No.: 10/829,209 Filed/Issue Date: 04/22/2004 Entitled: ORGANIC ELECTROLUMINESCENT DEVICE FOR FABRICATING SHADOW MASK LG DISPLAY CO., LTD. (Name of Assignee) (Type of Assignee, e.g., corporation, partnership, university, government agency, etc.) states that it is: 1. X the assignee of the entire right, title, and interest; or 2. an assignee of less than the entire right, title and interest (The extent (by percentage) of its ownership interest is _____%) in the patent application/patent identified above by virtue of either: A. An assignment from the inventor(s) of the patent application/patent identified above. The assignment was recorded in the United States Patent and Trademark Office at Reel _____, Frame _____, or for which a copy thereof is attached. B.X A chain of title from the inventor(s), of the patent application/patent identified above, to the current assignee as follows: To: LG ELECTRONICS INC. 1. From: Inventor The document was recorded in the United States Patent and Trademark Office at Reel 015252 Frame 0127 , or for which a copy thereof is attached. 2. From: LG ELECTRONICS INC. To: LG DISPLAY CO., LTD. The document was recorded in the United States Patent and Trademark Office at Reel , Frame , or for which a copy thereof is attached. To: 3. From: The document was recorded in the United States Patent and Trademark Office at Reel _____, Frame _____, or for which a copy thereof is attached. Additional documents in the chain of title are listed on a supplemental sheet. As required by 37 CFR 3.73(b)(1)(i), the documentary evidence of the chain of title from the original owner to the assignee was, or concurrently is being, submitted for recordation pursuant to 37 CFR 3.11. [NOTE: A separate copy (i.e., a true copy of the original assignment document(s)) must be submitted to Assignment Division in accordance with 37 CFR Part 3, to record the assignment in the records of the USPTO. See MPEP 302.08] The undersigned (whose title is supplied below) is authorized to act on behalf of the assignee. Date Signature Donald L. Monin, Jr. 202-955-3000 Printed or Typed Name Telephone Number Patent Agent Reg. No. 47,256

This collection of information is required by 37 CFR 3.73(b). The information is required to obtain or retain a benefit by the public which is to file (and by the USPTO to process) an application. Confidentiality is governed by 35 U.S.C. 122 and 37 CFR 1.11 and 1.14. This collection is estimated to take 12 minutes to complete, including gathering, preparing, and submitting the completed application form to the USPTO. Time will vary depending upon the individual case. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, P.O. Box 1450, Alexandria, VA 22313-1450. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

WHEREAS, <u>LG Display Co., Ltd.</u>, a corporation of <u>Republic of Korea</u>, whose post office address is <u>20, Yoido-dong, Youngdungpo-gu, Seoul, Republic of Korea</u>, (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in the inventions of the above-identified applications for United States Letters Patent and the Letters Patent to issue upon the above-identified applications;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, Assignor, has sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, entire right, title, and interest in and to the inventions of the above-identified applications, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof; and Assignor hereby authorize and request the Commissioner of Patents and Trademarks of the United States to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, ASSIGNOR further covenants and agrees that, without further consideration, communicate with Assignee, its successors and assigns, any facts known to us respecting the inventions of the above-identified applications and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver all papers that may be necessary or desirable to perfect the title to the inventions of the above-identified applications to said Assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for the inventions of the above-identified applications in the United States, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.

IN TESTIMONY WHEREOF, as an authorized officer of the Assignor, I have hereunto set under my hands.

Jeong Hwan LEE

Vice President LG Electronics Inc. 4th April, 200}
